To Whom it May Concern:

The purpose of this letter is to provide a reference letter for Andrew Bier, who is a Child Development major at Fresno City College. I had the honor of serving as her instructor in the Spring 2025 semester. During our time together I found that Mr. Bier was committed to building the necessary skills needed to guide, support, and teach young children. He was attentive to course material and responsive to peer collaboration. His kind, engaging and respectful nature made him a wonderful addition to our class. His passion for the field of Early Childhood Education is evident to all those who work with her.

If I may be of further assistance, you may contact me at 559-442-4600 ext 8369 or raquel.ochs@fresnocitycollege.edu.

Sincerely,

Raquel Ramirez Ochs
